SACCO IN FIORE

Sacco in fiore è la nuova linea di vasi essenziali e funzionali, in fibra di cellulosa, rispettosi dell'ambiente, 100% made in Italy.

In quattro differenti misure, nelle colorazioni naturali alga e caffè, sono perfetti per terrazzi e davanzali, così come per le piante in casa e l'orto in terrazzo. Possono essere appoggiati o appesi grazie alla cinghia in cotone (venduta separatamente).

Sacco in fiore is the new collection of essential and functional pots, made in washable cellulose fibre, environment-friendly and 100% made in Italy.

They are available in four different sizes and in two natural colors: dark green and brown.

They are perfect for terraces, balconies and windowsill, as well as for your plants in your house or your gardens on your terrace.

The Sacco in fiore can be put on the floor or can be hung thanks to the cotton strap (sold separately).
