Staycool Wine cooler

As you pour, the wine passes through magnetic fields breaking down the water barrier surrounding the flavour compounds. This releases the aromas, intensifying the character of the wine while activating the bonded oxygen. The result is an instantly aged wine presenting added depth and balance

The blade is forged from 67 layers of Damascus steel (10Cr15CoMoV). The complex manufacturing method results in an exquisitely patterned blade offering an outstanding combination of strength, flexibility and durability. The blade hardness rating is an impressive HRC 60 $\pm$ 2 to ensure long-lasting sharpness and minimal maintenance. The pakka wood shaft sits stably and comfortably in the hand, while the protective quillon doubles as a natural thumb-rest. An indispensable knife guaranteeing full precision and control.

Knife sharpener Eastern
- A perfect match for the
knives on the previous page

NEW

515420

Knife sharpener Western

Keep your Japanese knives sharp and extend their lifespan with correct maintenance. The Eastern is custom-designed to match the sharpening angle of Japanese knives, which are distinct from Western knives in having a sharper angle. Whether you need a quick refresh or a more thorough hone, the user-friendly design ensures that your knives attain their renowned sharpness.

The knife sharpener is equipped with two sharpening functions clearly indicated by an icon – coarse sharpening in metal to restore dull blades and fine sharpening in ceramic to hone the cutting edge of the blade. Also available in a variant to match the sharpening angle of European (Western) knives.

Make a virtue of hand hygiene and do it in style. With this compact, elegant and fully leak-proof mini-dispenser you can easily carry gel sanitiser in your bag or pocket. The practical lanyard allows you to attach it to your key-ring or bag strap for easy access when out and about.

Easy to refill: twist off the threaded cap and refill. Replace the cap.

Fully leak-proof: twist the spout to the side when not in use. This locks the pump mechanism.

530690
Waste bin bag
61,5x34x19 cm /
28 l

- Sorted waste can be recycled - and it is good for the environment and a more responsible use of the planet's resources
- Decorative, robust and strong storage and carrying bag for most household waste: glass, plastic, metal, cardboard, paper, batteries, electronics, etc.
- Easy to take with you - wooden carrying handle with magnet for efficient closing of the bag
- 6 different icons/'tags' for the strap included - easy to decode contents of bag: cardboard, food & beverage cartons, plastic, glass, paper and metal
- Stable and does not collapse
- Easy to clean - the nylon lining is simply wiped with a wrung-out cloth. The beech is maintained by regular oiling

NEW
304028
Ø28 cm

- Frying pan in 90% recycled post-consumer stainless steel with new improved laser titanium coating.
- The laser titanium coating provides a combination of non-stick Slip-Let®, wear resistance and durability.
- Using a patented process, lasers melt a titanium alloy on the surface, making the pan three times harder than stainless steel and ensuring that the coating does not peel off.
- The laser titanium coating provides excellent non-stick Slip-Let® properties without chemical coating.
- Suitable for use with metal utensils.
- The pans are oven safe (up to 300 degrees), dishwasher safe and can be used on all heat sources

White Line set 3 pcs
1,8l, 2,5l & 3,8l

RECYCLED
ALUMINIUM

The White Line series is made of aluminum for optimum heat distribution across the base and up the sides. The pots, saucepan and pans all have a ceramic coating on the outside and an aluminum rim all the way around the top to protect the cookware.

This means that the cookware withstands very high temperatures and is extremely robust and hard-wearing. The inside of the pots and saucepan also has a hard ceramic coating, while the frying pans and sauté pan have a non-stick coating.
