Sustainable Packaging

Quy Cup launches first cup made of 100% RPET

Sustainable Packaging, in that it comes from forests that are properly and responsibly managed according to strict environmental, social and economic standards. In Particular, forest management standards, include protecting water quality, prohibiting the cutting of old-growth forests, preventing the loss of natural forest cover, and prohibiting the use of highly toxic chemicals, all of which affect the management system of a forest.

ESPRESSO

ESPRESSO 90 ML

Make every coffee break more cheerful and mindful with our 90 ml espresso cup made from R-PET, a material derived from recycled plastic. A small daily gesture that makes a big difference for the environment—without compromising on style!

Perfect for everyday use, microwave and dishwasher safe, combining practicality and durability.

The cup is lightweight yet sturdy, ideal for home, office, or to take with you wherever you go. Available in a variety of fresh, colorful, and fun designs, each one created to add joy to your routine. Plus, you can pair it with a colorful silicone lid to turn it into a mini take-away cup—perfect for coffee on the go.
