Strong Brand

## Stylish moments of pleasure

In 2026, GEFU once again presents a wide range of new products that elevate enjoyment, design and functionality to an entirely new level. Especially in the areas of tea and coffee – both still extremely popular cult beverages – the assortment has been significantly expanded. This includes two new mouth-blown tea makers, CHAVELLE and TREVIO, which combine Scandinavian clarity, artisanal quality and timeless ease. In the coffee segment, the CRISTIANO coffee maker complements the range: an elegant French press made of ribbed glass – modern, harmonious and ideal for aromatic coffee indulgence.

The PURALIS table water filter, also mouth-blown, is the perfect match. Its magnesium technology noticeably enhances the aroma of hot beverages while doubling as a stylish serving carafe. Another highlight is the GINGO shot maker: fresh power shots in seconds

– clean, fast and ready to be filled directly into the matching shot bottles. In addition, the premium knife range has been expanded with the new ACURO series. And of course, in 2026 GEFU continues to offer ambitious home cooks new, practical and modern kitchen tools that make everyday cooking even easier and more creative.

As one of the Brands of the Century, GEFU once again provides the specialist trade with strong products, attractive impulses and plenty of compelling arguments for a successful year in 2026.

Let yourself be inspired!
